

MILKWEED DENSITY DATASHEET

Year: _____ **Observers:** _____ **Site Name:** _____ **City, State:** _____

You only need to do this activity once during the season (at middle of season)

If you can count all of the milkweed plants at your site, record the number of milkweed plants and area of your site (you can record the area in square meters, square feet, or acres).

Number of milkweed plants: _____ **Area of site:** _____

If your site has too many milkweed plants to count, use the sampling procedure described above and complete the table below.

Point #	# of milkweed plants in 1x1 meter square	Point #	# of milkweed plants in 1x1 meter square	Point #	# of milkweed plants in 1x1 meter square	Point #	# of milkweed plants in 1x1 meter square
